**MESSAGE:**

The account of your National Convention contained in the message sent to us by the delegates showed how the friends are striving to learn more about creating the conditions that are conducive to growth. We were glad to note that an awareness of the steady progress being made in many clusters was coupled with a sense of urgency regarding the need to advance further. The Bahá'ís of the United Kingdom will surely aspire to heroic deeds; as they arise in service, the hosts of divine assistance will be at their side. We will entreat the Blessed Beauty to support them as they seek to welcome more and more of their compatriots into local communities that are havens of unity and fellowship.
