THE EUROPEAN BAHÁ'Í CONFERENCE ON JUSTICE

The following Conference themes will be explored within the context of a dialogue on holistic justice and treading a path of coherence and service in balanced lives:

- Living a balanced life in our professions
- Integrating justice perspectives into personal & professional life
- Justice in business & commercial law & practice
- The equality of men & women
- Current issues in international law & global governance
- Shared global economic prosperity & ending poverty
- Religious minorities in Iran & beyond

This Conference will actively involve participants in an exploration of the Conference themes, as part of an ongoing effort to learn how to translate a commitment to social justice into a balanced and effective personal and professional life, and to contribute to the discourses of society. The programme will include focused plenary and panel presentations as well as participatory sessions and workshops.

The 18th European Bahá'í Conference on Justice invites the submission of presentation and workshop proposals on the Conference themes. Submissions by legal scholars and practitioners, **as well as by others outside of the legal field** are very welcome. Proposals should be for shorter panel presentations or for longer workshops, keeping in mind the Conference's goal to be participatory and to invite discussion. Proposals of no more than 300 words (along with a short bio of no more than 200 words) should be emailed to: ebcj.justice@gmail.com before Nov 30, 2013.
